PARTNERING FOR BETTER PATIENT OUTCOMES

AP Labs is built for clinics that demand more than a product — **they demand a partner.**

We deliver uncompromising quality, complete transparency, and the reliable supply chain you can build your practice on.

WE ANSWER OUR PHONES

Real people.
Real support.
Every time.

EVERY LOT DOCUMENTED

Complete testing.
Complete transparency.
Complete confidence.

INVENTORY RESERVED

Reserved before
you need it.
So you never run out.

MANUFACTURING EXCELLENCE

Built on science. Backed by systems.

At AP Labs, manufacturing isn't just a process — it's a commitment to precision, safety, and uncompromising quality at every step.

From raw materials to the final vial, every detail is engineered for excellence.

cGMP COMPLIANT FACILITY

Manufactured in a cGMP-compliant facility to ensure the highest standards of quality and safety.

MADE IN THE USA

Proudly manufactured in the USA with domestic and globally sourced premium raw materials.

THIRD-PARTY TESTED

Every batch is tested by independent, accredited laboratories for purity, potency, and safety.

BATCH DOCUMENTATION

Full batch records and Certificates of Analysis (COAs) available with every order.

COA EVERY BATCH

We provide a Certificate of Analysis for every batch — no exceptions.

99%+

VERIFIED PURITY

Every batch meets or exceeds 99% purity by HPLC analysis.

127+

PRODUCTS

A comprehensive catalog of physician-grade peptides and compounds.

7

VERIFICATION LAYERS

Our seven-layer quality verification process leaves nothing to chance.

OEM

PRIVATE LABEL AVAILABLE

Custom labeling solutions for clinics, practices, and brands.

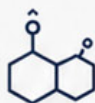

100%

MADE IN USA

Supporting American jobs with world-class manufacturing.

RIGOROUS TESTING. TOTAL TRANSPARENCY.

Every batch goes through extensive testing to ensure safety, purity, and performance.

HPLC VERIFIED

High-performance liquid chromatography confirms purity and composition.

MASS SPECTROMETRY

Confirms molecular weight and verifies peptide identity.

STERILITY TESTED

Ensures products are free from harmful microorganisms.

ENDOTOXIN TESTED

LAL testing guarantees low endotoxin levels for physician safety.

HEAVY METAL SCREENING

Tested for lead, arsenic, cadmium, and mercury to ensure safety.

IDENTITY CONFIRMED

Advanced analytical methods confirm exact peptide identity.

PRIVATE LABEL LABELING

Your brand. Our precision.

AP Labs provides professional private labeling so you can deliver **physician-grade peptides** or **physician-use-only peptides** under your own brand with complete confidence.

- ✓ High-quality, custom labels applied in-house
- ✓ Clean, compliant, and consistent every time
- ✓ Minimums as low as **10 units per SKU**

THE AP LABS LABELING PROCESS

1. YOUR BRAND DESIGN
Send us your logo, label design, and requirements.

2. REVIEW & APPROVAL
We review for compliance and provide a digital proof for your approval.

3. LABEL APPLICATION
Labels are applied in-house by our trained team with precision and care.

4. QUALITY CHECK
Every unit is inspected to ensure a clean, consistent finish.

5. READY TO SHIP
Labeled products are packed securely and shipped to you.

LABELING OPTIONS

FULL WRAP LABELS
360° coverage for a premium, professional look.

FRONT & BACK LABELS
Clean, informative front and back applications.

CUSTOM COLORS
Match your brand with any color, style, and finish.

COMPLIANT LABELS
All labels include required information for physician use.

YOUR BRAND IDENTITY
Elevate your brand with labels that build trust and recognition.

AP LABS

NO PACKAGING. JUST LABELING.

AP Labs provides professional private labeling only. All vials are securely packaged in our standard AP Labs packaging to ensure product integrity.
